Tool Time Sales Tax Holiday

Just in time for doing all those hurricane preparations, (and the return of cooler air to work on projects), consumers can purchase qualifying tools and equipment exempt from tax during the 2024 Tool Time Sales Tax Holiday. The sales tax holiday begins Sunday, September 1 and extends through Saturday, September 7. The Sales Tax Holiday is for everyone, not just professional trades people.

The sales tax holiday does not apply to the rental or repair of any of the qualifying items. Additionally, the sales tax holiday does not apply to sales in a theme park, entertainment complex, public lodging establishment or airport.

FAA grounds SpaceX... Again

The Federal Aviation Administration has grounded SpaceX's Falcon 9 rockets, including one set to take the historic Polaris Dawn crew to orbit. The move by the FAA comes after a Falcon 9 booster rocket fell into the sea as it tried to land on an uncrewed drone ship on Wednesday in what appeared to be a failure of one of the Falcon 9's rocket boosters.

In its statement, the FAA said that the Falcon 9 would be grounded until the investigation was complete. This is the second grounding of the Falcon 9 rocket in recent months.

A similar investigation would mean a hefty delay for Polaris Dawn, which had hoped to launch as early as Friday. The investigation could also have implications for the International Space Station. NASA had hoped to send two astronauts to the station in late September aboard a Falcon 9 rocket. They would join astronauts Butch Wilmore and Suni Williams, who flew in June to the station aboard the Boeing Starliner capsule.
